

Dear Prospective Member,

Thank you for your interest in Crooked Foot Hunt Club.

Crooked Foot Upland Bird & Game Hunting Club was established in 2010 by Anthony Marcell whose vision was to create a club with a family oriented atmosphere where all would feel welcome and provide guests with a true hunting experience. Our Club is located just 2 miles north of Perry and 15 minutes east of Lansing and specializes in upland bird hunting, clay shooting and hunting dog training on 300 acres of pristine Michigan countryside.

In addition to excellent hunting, clay shooting and dog training, our Club offers dog breeding, and a full calendar of social events. Along with a limited number of private and corporate memberships, the Hunt Club offers corporate events for mid-sized groups. Our banquet facilities can comfortably accommodate groups of 50 to 75 people, but are even more special when catered in and served by our talented staff of professionals, who are here to serve the needs of our members, their families and guests.

We believe that Crooked Foot Hunt Club is both a unique place and a special experience; we encourage you to be a part of it as a member of Crooked Foot.

Please find attached information regarding our 2016 Summer Membership and dog training opportunities. Should you need additional information, please feel free to contact us at 989-723-9021. We look forward to meeting you and giving you a tour.

On behalf of Crooked Foot Hunt Club
